Examiner's Comments/Reason for Allowance

1. The statement is not intended to necessarily state all the reasons for allowance or all the details why claims are allowed and should not be written to specifically or impliedly state that all the reasons for allowance are set forth. The reason for the allowance of the claims is the inclusion of the limitation in all the claims which is not found in the prior art references, including the combination of particular dependent and independent claims, as noted on office action mailed 11/13/06 which is not found in prior art of record. The reasons for allowance are in all probability evident from the record. (see MPEP 1302.14).
2. The examiner's statement of reasons for allowance is the opinion of the examiner as to why the claims are allowable. The examiner's statement should not create an estoppel. Only applicant's statements should create an estoppel. The failure of applicant to comment on the examiner's statement of reasons for allowance should not be treated as acquiescence to the examiner's statement. See *Salazar v. Procter & Gamble Co.*, 414 F.3d 1342, 1347, 75 USPQ2d 1369, 1373 (Fed. Cir. 2005).
3. Double patent analysis has been performed with respect to *issued patents* having common relationship of inventorship and/or ownership with respect to the above-allowed claims, *none* are found to warrant a double patenting rejection.
4. Any comments Applicants considers necessary must be submitted no later than the payment of the Issue Fee and to avoid processing delays, should preferable accompany the Issue Fees. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance". In event of any post-allowance papers (e.g. IDS, 312 amendment, petition, etc.), Applicant is exhorted to mail papers to the Production Control branch in Publications or faxed to post-allowance papers correspondence branch at (703) 308-5864 to expedite issuing process or call PUB's Customer Service if any questions at (703) 305-8497.
